EDUCATION

VIT-AP University (Vellore Institute of Technology, AP)	2023 - Present
<i>Bachelor of Technology, Computer Science (Core)</i> CGPA: 8.82	
Shri Ram Global School, Whitefield, Karnataka	Mar 2023
<i>Higher Secondary Education CBSE board</i> Percentage: 83 %	
Vagdevi Vilas School, Varthur, Karnataka	Mar 2021
<i>Secondary Education CBSE board</i> Percentage: 94.4 %	

PROJECTS AND COURSES

SmartSOS – emergency safety device using IoT	Nov 2024
- Developed SmartSOS, an IoT-based multipurpose emergency alert system addressing the need for real-time distress detection and GPS tracking for personal safety with voice detection feature. - Built and led a team to build a portable IoT device integrating AI-driven voice distress detection, SOS button, and SMS alerts for instant emergency response. - Built a functional prototype, gaining expertise in IoT, AI automation, real-time data processing, leadership, and problem-solving.	
AI Agent	Feb 2025
Designed an AI Agent with a Telegram trigger for automated responses and task execution taking text and voice inputs.	
Python 100 days Bootcamp Course	Present
- Udemy (Angela Yu) - Self-paced Python programming through hands-on projects, covering data structures, automation, web development, and AI applications. - Strengthening problem-solving skills with real-world coding challenges.	
Full Stack Development with MERN	Present
VIT-AP integration with Blackbucks - Gaining hands-on experience in building web applications using MERN. (Industrial Collaborations Course).	

SKILLS AND CERTIFICATIONS

Programming languages: Python, and basics of C, SQL, Java

Technologies: Artificial Intelligence, Machine Learning, Web Development, Git/GitHub, Data Science and data analytics (Big Data), LLMs, GenAI, Prompt Engineering, IoT, Graphic Design (Canva), Video Editing (Adobe After Effects)

Languages: English, Hindi, Bengali

Certifications:

Foundations of Prompt Engineering	2025
• AWS Skill Builder	
Goldman Sachs Operations	
• Forage Job Simulation	
Accenture Data Analytics & Visualization	
• Forage Job Simulation	
Design Thinking	
• Infosys Springboard	
Introduction to Digital Marketing	
• Infosys Springboard	
Artificial Intelligence	2024
• Infosys Springboard	

QUALITIES

- Communication skills
- Leadership Ability
- Team Collaboration
- Problem-solving & Flexibility
- Adaptability & Learning Agility
- Creativity & Design thinking
- Critical & Analytical thinking
- Attention to detail & Interpersonal skills

EXTRACURRICULARS

Associate Team Lead Women in Open Source (WiOS) Club, VIT-AP	Oct '24 - Present
• Promoted OSS contributions and helped organized events in tech. Edited the video promotions for the club intro.	
Design Co-Lead Hallyu (Korean Wave) Club, VIT-AP	Sep '24 - Present
• Led the creation of event posters, promotional videos, and club branding materials using tools like Canva and After Effects.	
Competitive Programming LeetCode, HackerRank, CodeChef	
• Consistently practice DSA problems to enhance problem-solving skills.	

Hobbies: Art (Sketching), Badminton, Coding, Graphic & Video Editing, Learning Languages

- Won various Art competitions
- Won various Literature and Essay Competitions
- Won various Extra-Curricular certificates and trophies (CCA)
- Won various Olympiads (SOF, NSO, IMO Olympiads, School Olympiads, etc.)
